DSB. INDEX PRODUCTS 2009

---

Ne sono convinto.  
Starsene immobili in un deserto silenzioso?  
Non sia mai.

Può essere un azzardo, ma il desiderio di combi-  
narne sempre una ci pervade e ci porta sul cam-  
po di gioco con rinnovato entusiasmo.

È per l'appunto il disturbo che abbiamo dentro  
di noi. Così eccoci giunti al secondo numero di  
DiSturB.

Una voluminosa raccolta di prodotti che sarà  
certamente in grado di soddisfare i vostri desideri  
e, per gli addetti, anche di agevolare il mestiere.  
Può sembrare ridicolo, ma considero questo Di-  
SturB come un vero strumento di lavoro, forse  
superato, ammaccato e cigolante come la mia  
vecchia cassetta degli attrezzi ma funzionale. Mi  
accompagna da sempre, ha una storia e dentro  
ci sta tutto quello che mi serve quando con entu-  
siasmo metto mano ad una bicicletta.

Allo stesso modo, quando anche voi vorrete sbiz-  
zarrarvi dando largo spazio alla fantasia per im-  
maginare un nuovo mezzo, un accessorio in più  
o l'ennesimo meritato regalo, sono certo che Di-  
SturB #2 avrà al suo interno gli attrezzi giusti per  
costruire e dar vita ai vostri desideri.

Beh, cosa aspettate?  
Aprite la cassetta e iniziate a giocare.  
Ne vale la pena.

# DISTURB

E ora? Adesso mi spiego. DiSturb #1 ha presentato l'idea di un rapporto più frequente con voi. DiSturb #2, ovvero lo strumento catalogo, getta le basi e le regole del nostro gioco ma è anche l'uscita più prettamente tecnica nella quale è difficile comunicare il pensiero DSB. Ora la strada è aperta. Dal prossimo numero spero di costruire DiSturb come l'espressione del modo di pensare di DSB e delle persone, non necessariamente del settore, non necessariamente amici, che hanno una visione comune. È un progetto ambizioso che punta a trasformare quello che negli anni passati era solo un catalogo in un prodotto di idee per chi ama andare in bicicletta. Non una rivista. Una raccolta di pensieri per tutti quelli che la mattina si alzano, vanno al lavoro, si spremono all'osso ma alla fine non vedono l'ora soltanto di mettere il culo sulla propria bici. Disturbati. Non vi sentirete più soli.

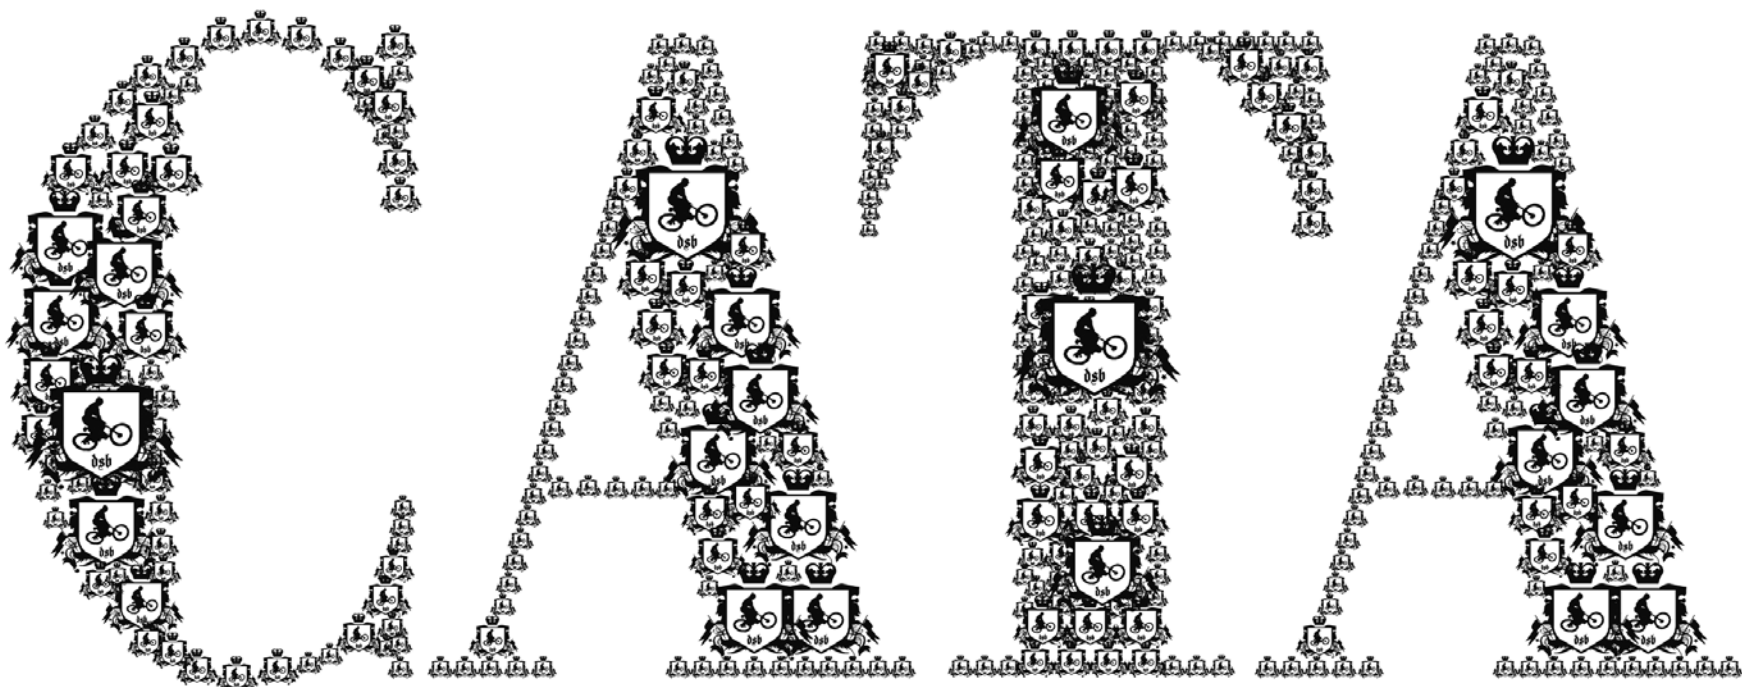

I prezzi e le informazioni incluse sono puramente indicativi e possono subire variazioni in qualsiasi momento. Vi invitiamo a voler contattare il Vostro rivenditore e/o il sito DSB [www.dsb-bonandri.com](http://www.dsb-bonandri.com) o la DSB stessa allo 035/4824273 per avere conferma dei prezzi in essere al momento dell'eventuale acquisto.

Abbiamo cercato di mettere la massima cura nelle informazioni che trovate nel catalogo, tuttavia siamo umani e come umani facciamo sempre degli errori. Scusateci in anticipo e per cortesia segnalateli a [info@dsb-bonandri.com](mailto:info@dsb-bonandri.com) in modo da poter eventualmente mettere una rettifica sul nostro sito [www.dsb-bonandri.com](http://www.dsb-bonandri.com).
